Notes:

- The above results, after review by the Audit Committee, have been approved and taken on record by the Board of Directors at its meeting held on 12th August, 2015. The Statutory Auditors of the Company have carried out a "Limited Review" of the results for the three months ended 30th June, 2015 in terms of Clause 41 of the Listing Agreement with Stock Exchanges.
- The Company has long term strategic investments in shares of Simplex Infrastructures Libya Joint Venture Co. (Simplex Libya), a subsidiary company, located in Libya. The period end book value of which is ₹ 387 lakhs and its period end exposure in Other Current Assets (arising from sale of certain tangible assets referred to in the paragraph below) and Short term Loans and Advances due from Simplex Libya amounting to ₹ 1,512 lakhs and ₹ 442 lakhs respectively.
During the previous financial year, Management's Representative had visited Libya to take stock of the situation and also follow up the recovery of dues with the local Government which is a substantial amount. The Representative also carried out physical inspection of Simplex Libya's tangible assets i.e. plant and machinery etc. and based on a valuation of such assets carried out by an independent valuer in the previous financial year, the aggregate market value of these assets is more than the amount due to the Company.
The political situation in Libya is expected to improve gradually. Upon further improvement of the political situation and on assessment of recoverability of the total exposure as aforesaid, Management is of the opinion that on recovery of dues by Simplex Libya, its financial position is expected to improve substantially together with a positive net worth. In the context of the above, the Company is of the opinion that the diminution in the carrying amount of the above investments is temporary in nature and no provision in this regard is considered necessary at this stage. Similarly, in view of the position explained above, the Company is of the opinion that the advance of ₹ 442 lakhs due from Simplex Libya is recoverable and no provision in this regard is required to be made at this stage. The said reasons explain the Statutory Auditors' Qualification on the same issue in their Audit Report on the Company's financial statements for the year ended 31st March, 2015.
- The figures for the three months ended 31st March, 2015 are the balancing figures between the audited figures in respect of the full financial year ended 31st March, 2015 and the unaudited published year-to-date figures up to the third quarter ended 31st December, 2014.
- Tax Expense comprises current tax and deferred tax.
- The figures for the previous periods have been regrouped / rearranged wherever necessary.
